Parents of student 114 A-group Khasan Rasul

On behalf of the administration of the Urgench branch of Tashkent Medical Academy, we sincerely express our gratitude for your son's participation in the event of our branch, which was held on April 29 by the English language Department. This event could not have been successful without participation of your son Khasan. He is very active not only in spiritual activities, but also in the learning process. This is primarily the result of your hard work.

The branch has created all the conditions for obtaining knowledge in the chosen specialty. The branch educators also work hard to improve each student's academic achievement. Our goal is to develop all the skills each student needs to be successful in their future endeavors.

We hope for close cooperation with you in bringing up your son as a harmoniously developed, highly qualified, selfless and highly moral specialist in his field.

Once again, Urgench branch of Tashkent Medical Academy thanks you for everything you do to support your son in his development.

Best regards, Director of Urgench branch of
Tashkent Medical Academy
